

Brand New High-End Home Fax in a Compact Design

Advanced Function Lineup with
Answering Machine

Personal Fax

- Fully Digital Answering System
- Digital Duplex Speakerphone
- Automatic Paper Cutter

Fully Digital Answering System*

Navigator Key for Easy Operation

Caller ID*1 Ready

KX-FT988

A Full Range of Fax and Phone Functions in a Compact and Simple Design

Fully Digital Answering System

The system answers all your calls, records messages and receives faxes while you are away. The digital system makes operation virtually silent and instantaneous.

Digital Duplex Speakerphone

Digital compression technology helps to reduce annoying echo, drop-out or clipping. You can enjoy clear, natural two-way conversations on the digital speakerphone.

Automatic Paper Cutter

Documents that are received or copied will be automatically cut and stacked.

Advanced Features

Caller ID*1 Ready

With caller ID compatibility, you can view the name or number of your incoming callers on the LCD screen before you answer the call. You can edit and store the caller ID memory, and even print the list for your records.

Out-of Paper Reception*2

The unit can store up to 28 pages in its built-in memory when the unit has run out of paper. This feature is also ideal for broadcasting.

Sequential broadcasting (20 Locations)

If you are sending the same fax to multiple locations, you can program the unit to do so automatically. Documents are stored in memory and faxed in succession to each of the locations you program.

64-Level Halftone with Digital Image Processing

You can send or copy everything from family photos to company documents in almost their original beauty, with the clarity and detail of 64 level halftone reproduction.

Other Features

- Navigator Key for Easy Operation
- Automatic Document feeder (10 pages)
- Delayed transmission
- Voice time/day stamp
- Friendly Fax Reception
- Polling function
- Copier function
- Tone remote control
- 2-way recording
- Electronic volume control
- Voice guidance
